

Your Fast-Reply Plan

Three simple changes to stop warm leads from going cold.

WHAT ONE MISSED LEAD CAN COST

[deal] x [missed] missed lead/month = [calc]/year

DO THESE THREE THINGS

1

Check warm leads first

Clear unanswered sales messages before routine notifications.

2

Set an expectation

Tell every lead exactly when they will hear back from you.

3

Follow up again

Try again after 24 hours, 3 days, and 7 days.
